

## **2026 WORKSHOPS BRACENFIX MASTERCLASS**

**“Advanced Ingrown  
Toenail Correction  
Without Surgery”**

Join our hands-on BracenFix Ingrown Nail Workshop and learn the tips and tricks of the revolutionary non-surgical method for correcting ingrown and involuted toenails using the BracenFix brace system.

Participants will:

\*Gain an in-depth understanding of the biomechanics behind ingrown nails

\*Learn Proper application and adjustments of the BracenFix brace system for various nail conditions

\*Explore patient assessment, aftercare, and long term treatment planning

\*Receive guided practice under expert supervision

\*By the end of this session, you will confidently integrate BracenFix into your clinical practice – enhancing patient comfort outcomes and satisfaction while reducing recurrence rates.
